ABOUT US

Established in 1997, Samkin Industries is now one of the leading & largest manufacturers and exporters of plastic bottles, jars and closures in India. What keeps us a step ahead of the rest is the wide variety we provide in sizes, shapes, colours and designs. state-of-the-art technology at our plant helps us to manufacture complex moulds as per client's requirement. Samkin industries is a one point solution for your product packaging needs as we also have high end machinery for pad printing, screen printing, shrink film labelling and hot foiling.

WHAT MAKES US BETTER THAN THE REST

SERVICES:

Our relationship goal with our clients is that of partners not merely vendor-client approach. We aim at ensuring post after sale smooth functioning of our machinery at all times.

QUALITY:

We assure our customers to have best quality products, which have passed under supervision of a team of qualified technicians. We monitor each and every stage of production process with extra care.

EXPERIENCE:

Over our 2 decades of experience in packing industry, we have established with our clientele a rapport wherein they rely on our expertise to run their business efficiently.

MOLD AND DESIGNS:

We have more than 3000 stock molds, 20 patent designs and more than 100 colours availability

PASSION:

Our passion to deliver best product quality which meets the needs of our customers. We always strive to adopt new technologies which can make our products better to best. We absolutely love automation !

We have always thrived to minimise the dependency on manual labour through automation thereby reducing chances of losses due to human error.

DURABILITY:

The durability of our products remains unmatched! Our products have been tested for performance in the most challenging conditions.

COST EFFICIENCY:

Using superior quality machines, our products have low cost than others.
